

Industrial Data Transmission Cable

Industrial Bus Cable 150 Ohms

Applications: Industrial communication
Field bus on process control

B228S Solid wire, bare copper conductor, cores twisted to pair, color code red and green screening of Aluminium-laminated plastic foil and braiding of tinned copper wires. Outer sheath PVC compound, flame retardant pass CL2, CL3 vertical tray flame test article 725-38 (b) (1) for fixed installation. Color Purple

B228F Stranded wire, tinned copper for flexible applications. Color Green
