

# Fiber Optic Cabling System

## Fiber Optic Connector

### Product Description

One way to terminate fiber optic cable is with connectors that can mate two fibers to create a temporary joint. The fiber optic connectors made with precision and high quality ceramic ferrule to provide a high reliability connection when used with the various adapters. The standard fiber optic connector series is available in SC, ST, FC, LC and MT-RJ. There are two types of ferrule end face: PC and APC.

Part No	Description
40501-MM	ST Multimode Connector
40501-SM	ST Singlemode Connector
40502-MM	SC Multimode Connector
40502-SM	SC Singlemode Connector
40503-MM	FC Multimode Connector
40503-SM	FC Singlemode Connector
40504-MM	LC Multimode Connector
40504-SM	LC Singlemode Connector
40505-MM	MTRJ Multimode Connector

Remark: if no mentioned, it should be PC contact. If APC contact, the part number should Suffix -APC-.
